

Kolga Marinelli Style Beakers KB-500-C and KB-1000-C

Description

The Kolga Model KB-500-C and KB-1000-C are 500 ml and 1000 ml polypropylene Marinelli style beakers designed to work with up to a 3.25 inch detector. The Kolga beakers have a unique patent pending tight fitting lid to prevent spillage with a built in gripping handle to facilitate easy removal of the beaker from the sample counting shield.
